n.rao	Prof. Neelam Rao	Faculty mentor	read	0183	Also on judging panel; advisor to Team Nimbus (declared)

PERMISSION RULES (platform policy)

- read : may view and git-clone.
- write : may view, clone, push, and create archive EXPORTS from the web UI.
- admin : everything above plus member management.
- API tokens act with the permissions and scopes granted to them.

SERVICE TOKENS

TOKEN	OWNER	CREATED	SCOPES	EXPECTED USE
lp-ci-token-02	diya.k	2026-11-09	read:repo, export:archive	Nightly CI job from CI-RUNNER-01 (10.20.1.10), client gitnest-ci/1.8

The value of lp-ci-token-02 is stored in the team pad page "Build Notes". Readers of that page: aarav.m, diya.k, kabir.s, meera.j. (n.rao is not a reader.) No token rotation has been done since creation.
